

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, JUNE 17, 2008**, upon the application of **GOODRICH PETROLEUM COMPANY, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir A and the Cotton Valley Formation, Reservoir A**, in the Longwood Field, Caddo Parish, Louisiana.

**HAYNESVILLE ZONE, RESERVOIR A**

1. To create six (6) single drilling and production units for the Haynesville Zone, Reservoir A.
2. That any wells to the Haynesville Zone, Reservoir A, within or outside of the units created herein, should be located no closer than three hundred thirty (330') feet from any unit boundary and no closer than six hundred-sixty (660') feet from any other well completed in, drilling to, or for which a permit has been granted to drill to said reservoir.
3. To establish rules and regulations governing the exploration for and production of gas and condensate from the said units.
4. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the units so created, with each tract sharing in unit production on a surface acreage basis of participation.
5. To designate a unit operator and unit wells for the units created herein.
6. To consider such other matters as may be pertinent.

**COTTON VALLEY FORMATION, RESERVOIR A**

1. To create three (3) single drilling and production units for the Cotton Valley Formation, Reservoir A.
2. That any wells to the Cotton Valley Formation, Reservoir A, within or outside of the units created herein, should be located no closer than six hundred-sixty (660') feet from any unit boundary and no closer than two thousand (2,000') feet from any other well completed in, drilling to, or for which a permit has been granted to drill to said reservoir.
3. To redefine the Cotton Valley Formation, Reservoir A, previously defined in Office of Conservation Order No. 123-A-2, effective September 20, 1978, as corrected and amended by Order No. 123-A-2, effective March 29, 1983, INsofar AND ONLY INsofar AS the CV RA SUJJ, CV RA SUKK, and CV RA SUS are concerned as being that gas and condensate bearing sand encountered between the measured depths of 8,170' and 10,358' in the Winchester Production Co.-Chandler 19 No. 1 Well, located in Section 19, Township 18 North, Range 16 West.
4. To confirm the units established by Order No. 123-A-2, effective September 20, 1978, as corrected and amended by Order No. 123-A-2, effective March 29, 1983.
5. To establish rules and regulations governing the exploration for and production of gas and condensate from the units created herein.
6. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the units so created, with each tract sharing in unit production on a surface acreage basis of participation.

**LONGWOOD FIELD**  
**08-874 thru 08-876**

7. To find that, except to the extent contrary to the order granted by the Commissioner of Conservation in connection with the hearing held on this application, the provisions of Order No. 123-A-2, effective September 20, 1978, as corrected and amended by Order No. 123-A-2, effective March 29, 1983 shall remain in full force and effect.
8. To consider such other matters as may be pertinent.

**DOWNHOLE COMBINATION**

1. To grant permission to applicant to combine downhole production from the: CV RA SUS, HA RA SUG, CV RA SURR and HA RA SUB, in the wellbore of any existing and future wells located on said units. The interests of the working interest owners and royalty owners in the units are identical.
2. To continue in full force and effect the provisions of Series of Order Nos. 123-A and Series of Order Nos. 994-D.
3. To consider such other matters as may be pertinent.

The Cotton Valley Formation, Reservoir A was initially defined in Order No. 123-A-2, effective September 20, 1978, as corrected and amended to Order No. 123-A-2, effective March 29, 1983 and is hereby defined or redefined, as being that gas and condensate bearing sand encountered between the measured depths of 8,170' and 10,358' in the Winchester Production Co.-Chandler 19 No. 1 Well, located in Section 19, Township 18 North, Range 16 West, ONLY AS TO THE CV RA SUJJ, CV RA SUKK, CV RA SUS, CV RA SUUU, CV RA SUVV and CV RA SURR.

The Haynesville Zone, Reservoir A is hereby defined as being that gas and condensate bearing zone encountered between the measured depths of 10,910' and 11,487' in the Chesapeake Operating, Inc.-SRLT 29 No. 1 Well, located in Section 29, Township 16 North, Range 15 West.

Plats are available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
